## About Our Senior Living Collection

Accessible design. Maybe we didn't invent the term but we sure know how to incorporate our vast wealth of knowledge and experience into the design and construction of each senior living collection furniture piece.

Accessibility standards are at the foundation of our furniture design. From there, we incorporate a multitude of special usability and safety features such as:

- Rounded corners instead of sharp edges, reducing bumps and bruises
- Durable finishes for scratch resistance and easy cleaning
- All casework is made using melamine with high pressure laminate for improved hygienic qualities
- Furniture heights convenient for those with limited range of motion
- Tables and desks that can accommodate wheel chair access
- Melamine drawers for easy washability
- Easily accessible drawers and doors with deep projection handles and pulls that accommodate limited strength or arthritic hands
- Optional casters that allow furniture to be moved where it's most convenient for your guest
- Vented case backs for enhanced air flow
- Optional electrical and data management systems to keep cables and cords out of the way

With features so well designed, your guests will think it's all about them. But you'll know it's about fewer injuries, cleaning convenience, hygiene and furniture that stands the test of time.

We have options to fit the needs of any guest. Please talk with us about ADA compliance.

Don't see what you want? We can build to your custom specifications.

**Northland has  
been the preferred  
vendor in the Senior  
Living industry for  
over 35 years.**

**We can modify  
existing collections  
to meet your specific  
requirements or we  
can work with you to  
develop new pieces.**

### STANDARD FINISHES

June Mahogany

Pacific Maple

Wild Cherry

**Newberry Thielsen**

**Mazama Lassen**

High pressure laminate tops come in a variety of optional looks. These durable finishes make cleaning a breeze.

Casters facilitate furniture relocation. Shown here: two locking rear casters with back skirt removed for access to locks.

Standard vent is 2.5" dia. round in white. Other options available.

Many other pieces are available in our Senior Living furniture line. Please contact us for all your furnishing needs.
